1. Write a loop that prints the numbers from 0 to 100 inclusive. Do this with a:
   a. while loop
   b. do-while loop
   c. and a for loop

2. Write a loop that prints out the numbers from 0 to 2000 inclusive. After each number, indicate if it is even or odd. Do this with a:
   a. while loop
   b. do-while loop
   c. and a for loop

3. Write a loop that accepts numerical values from a user until they enter the value -999. Use the loop to calculate an average, a maximum, and a minimum value. Do this with a:
   a. while loop
   b. do-while loop
   c. and a for loop
